Bâtiment Blaise Pascal, 7 avenue Jean Capelle  
69621 Villeurbanne

## Research activities / interests

### Keywords

Semi-crystalline polymer (HDPE), (cyclic) tensile loading behaviors, Deformation mechanisms, SAXS/WAXS

### Ongoing projects

Thesis: Evaluation des propriétés viscoélastiques et de l'endommagement de polyéthylènes soumis à des sollicitations oligo-cycliques en relation avec leurs microstructures

Supervised by Olivier LAME, Renaud RINALDI

### Institutions as staff member

-

### Institutions as student

INSA-LYON

## Teaching activities

-

## Administrative responsibilities
