

HAISSOUNE Hiba

PhD Student

hiba.haissoune@insa-lyon.fr

06 20 41 19 01

Bâtiment Blaise Pascal, 5^{ème} étage
7 Avenue Jean Capelle 69621
VILLEURBANNE CEDEX

Research activities / interests

Keywords Natural rubber- elastocaloric effect- stretching -crystallization- X-Rays diffraction-

Ongoing projects

Thesis:

Study of the elastocaloric effect of natural rubber for the development of sustainable solid refrigeration systems

Supervised by

Jean-Marc CHENAL et Gildas COATIVY

Institutions as staff member

-

Institutions as student

Master MISTE – Ecole Centrale de Lyon

Teaching activities

-

Administrative responsibilities

-
